

We are an association of financial services professionals working together to attract, develop and advance women. We champion career opportunities, provide professional development and represent women's interests to the profession. For more than 80 years, we have provided a forum to build and grow peer-to-peer relationships, intellectual capital and professional skills. Our vision is to be the global change leader inspiring women to achieve their dreams.

Across the country, hundreds of financial advisors, agents, representatives, producers, leaders, executives, CPAs and attorneys benefit from membership. Local Chapters increase networking and support opportunities, plus provide the opportunity to build and grow relationships and professional skills.

LEADER BLOG

Stay in-the-know with monthly blog posts on hot topics that highlight women in the profession, the latest WIFS news and important industry updates.

“WIFS has accelerated my leadership skills which has translated into a stronger more efficient running of my practice and more clients realizing satisfaction with our process!”

“WIFS is such an uplifting and positive organization for female advisors. I have called upon the strong relationships I have built multiple times when I needed support or encouragement. There is something incredibly powerful about women helping women!”

“There is no other industry association that has an official mentoring program for women and that is huge! I have never in my 28 year career in this industry had the support that I've had with WIFS.”
